

## Ultimate Fan Package (UFP) Upgrades – Frequently Asked Questions

### **1. What does the UFP Upgrade entail and how does it work?**

A: ULTIMATE FAN PACKAGES provide an enhanced show experience, offering an array of special treats.

The UFPs are upgrades to the general admission tickets, which means that, in order to benefit from the experience you need to have a valid ticket for the show of your choice, purchased from your local ticket outlets, plus an UFP Upgrade, purchased from [www.thekingdomofsteel.eu](http://www.thekingdomofsteel.eu).

### **2. I travel from abroad, and my cell phone doesn't have roaming in the country where I visit the show. Can I still buy the UFP?**

A: You can, of course, still buy the UFP.

We advise everyone to provide a phone number on which they could be reached on show day, in case of last minute communication. We will however communicate all info by email as well, so please check your email for updates.

### **3. Photo with the band**

Q: What can I expect?

A: If you have purchased the Ultimate Fan Package Steel Upgrade an individual photo of you and the band will be taken by our official photographer. It will be taken minutes before show time, by our photographer.

Q: How do I get my photo?

A: The photo will be sent to the email address you have provided upon purchase of the UFP, within a few days after the show.

Q: Can I take photos with my own camera/cell phone during the UFP experience?

A: No! As previously communicated, this is not possible. Our own photographer will take your photo. You will be asked to store any devices capable of taking photos in a safe box which will be located outside the room where the photo will take place. Please follow the instructions of the UFP host and of our security staff.

#### 4. **Front row spot**

Q: When can I secure my front row spot?

A: If you have a Steel UFP you will enter the venue before anyone else, and you will be able to pick your preferred front row place, within the parameter presented to you, at that time.

If you have a Bronze UFP you will enter the venue before the general admission ticket holders. That is when you will be able to pick your spot, anywhere you find a vacancy to your liking.

Q: Do I have to leave my front row spot in order to take the photo with the band?

A: Steel UFP will participate in a photo opportunity with the band. The photo will be taken minutes before show time. For this photo opportunity you will temporarily leave your front row spot. If at the time of UFP Upgrade purchase you have opted to be escorted back to front row after the photo op, you will be shown back to your chosen spot and placed back in.

#### 5. **Commemorative signed souvenir**

Q: Can I bring my own item to be signed?

A: For logistical reasons, this UFP Experience does not include general signing, like in a signing session for example. Your autograph will be given on the commemorative souvenir.

#### 6. **Early Admission into the venue**

Q: How much time in advance shall I be at the venue?

A: You will receive an update regarding the beginning of your UFP activities, shortly before show day. However, we advise that you reserve at least 2 hours before the official time announced for the opening of the doors.

Q: How will I know when doors open?

A: It is common for doors to open 2 hours before the 'show time' indicated on your ticket. However, this matter can be subject to changes, on a show by show basis, therefore please consult local websites, such as the website of the venue or the promoter's page, for the latest updates.

## 7. Technical Sneak Peak Into The Show Preparation

Q: Do I leave my front row spot for this segment?

A: You should have no concerns about your front row spot. During this segment only Steel UFP holders will be inside the venue and you will still be able to reserve your spot.
